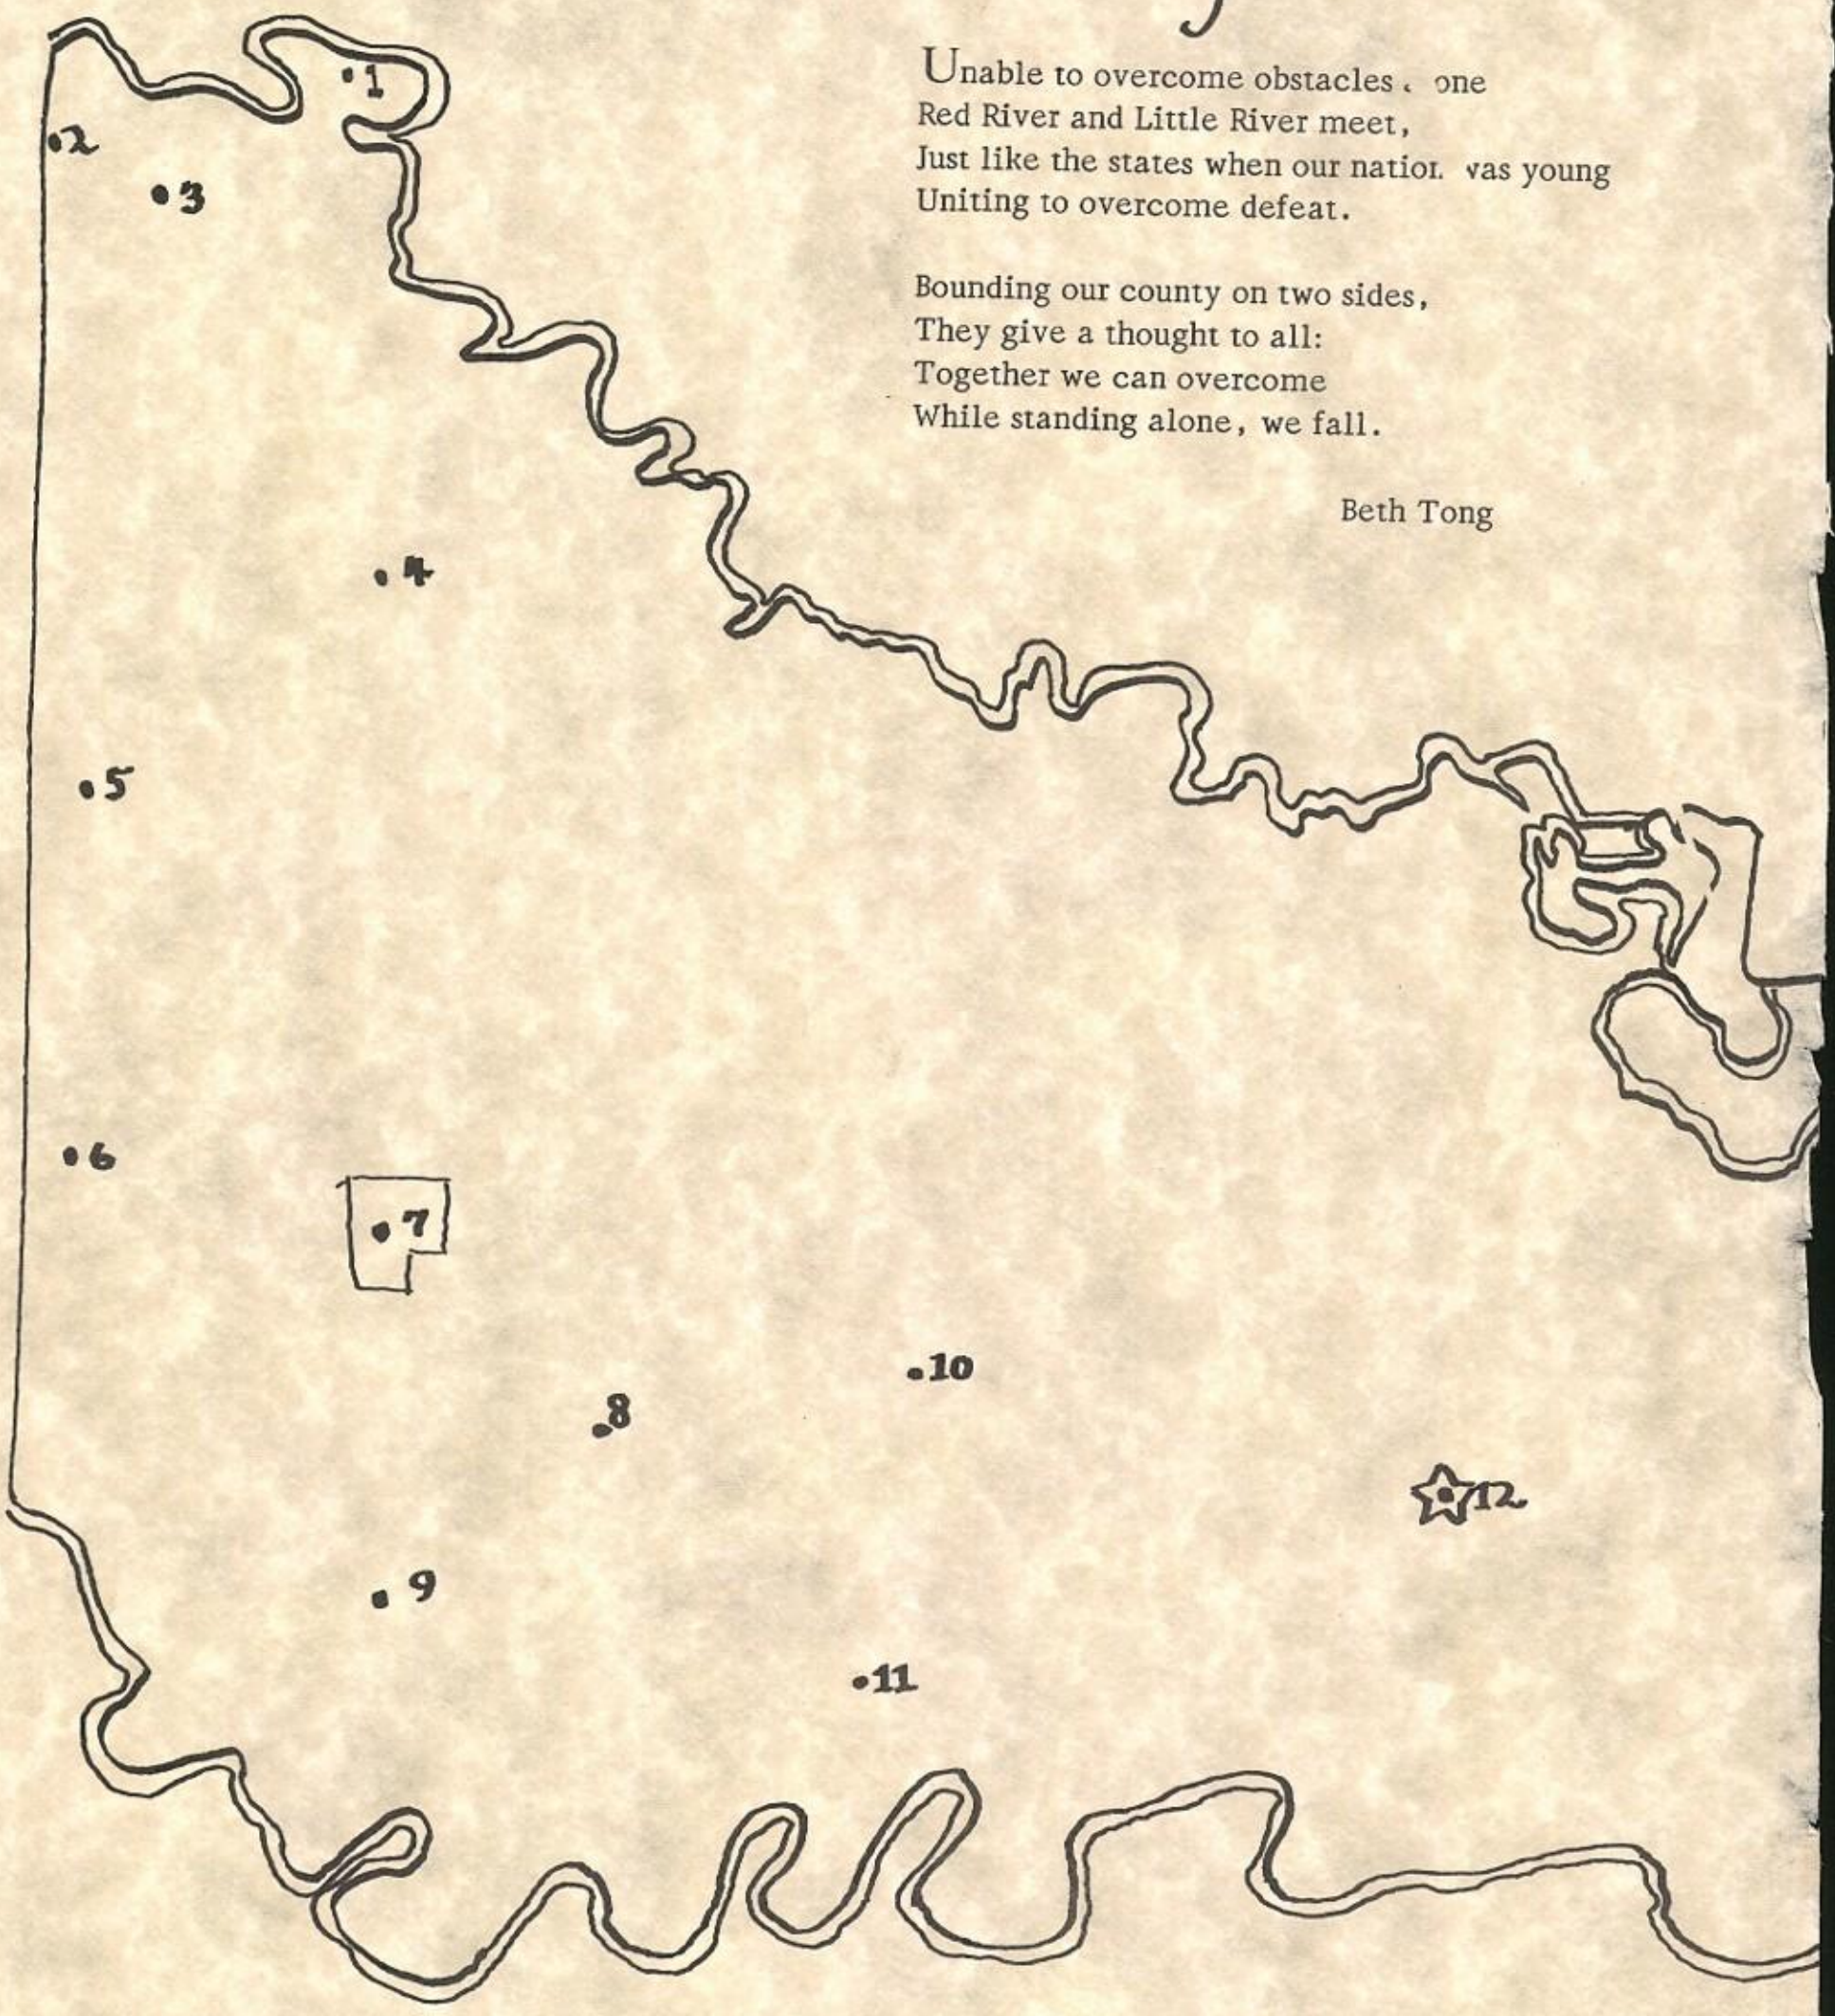
Little River County

Unable to overcome obstacles, one
Red River and Little River meet,
Just like the states when our nation was young
Uniting to overcome defeat.

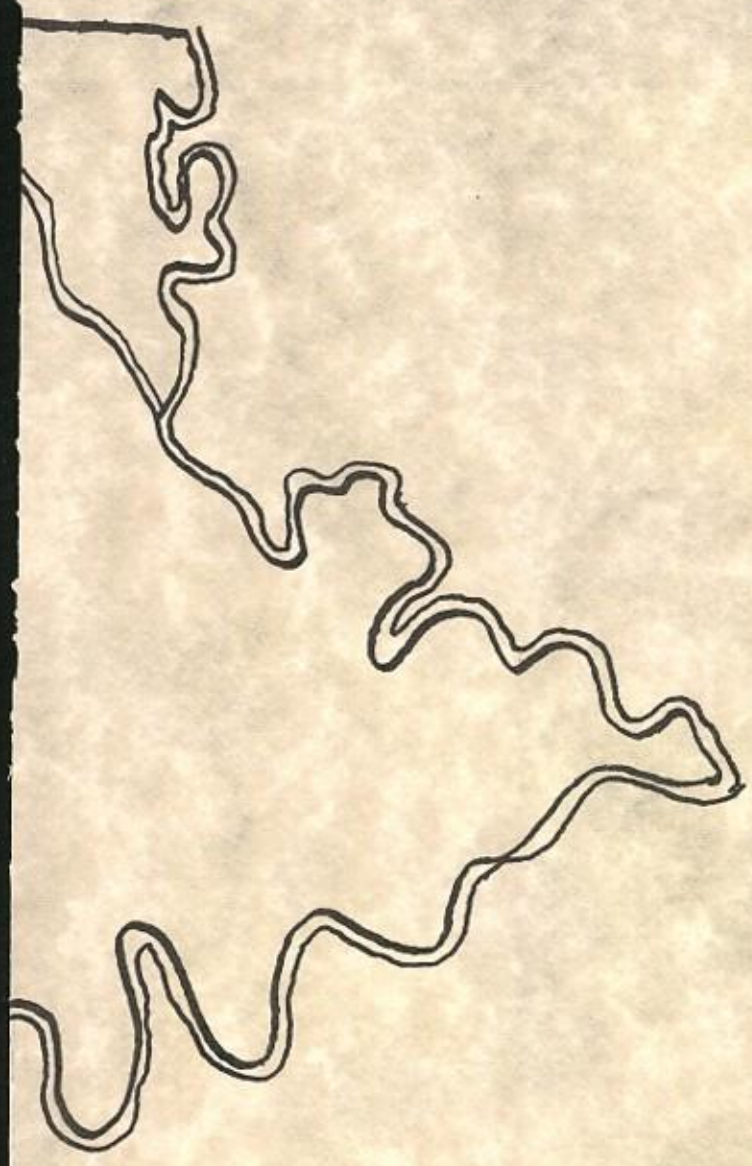
Bounding our county on two sides,
They give a thought to all:
Together we can overcome
While standing alone, we fall.

Beth Tong



Little River County was organized March 5, 1867, by an act of the State Legislature of Arkansas. Its 546 square miles are as different as its people, for Little River County's terrain is made up of hills and bluffs, marshes, prairies and alluvial bottomland. Little River and Red River join to form the north, east and south boundary, while the Oklahoma State line serves as the west county line. The area of White Cliffs, which is located on the north side of Little River, is included in Little River County. The two rivers form about four-fifths of the length of the boundary line surrounding the county. Little River County's interesting heritage and colorful population make an entertaining study for the native, immigrant, or tourist.

Little River County has a population of approximately twelve thousand people. About 1,371 of these people live in Foreman. Of the 1,371, 770 attend Foreman Schools. Approximately 308 of these students live inside Foreman's city limits. The other 462 live in outlying communities as shown below.



1. Little River Country Club
2. Cerrogordo
3. Caney Township
4. Crossroads
5. Arkinda
6. Blackland
7. Foreman
8. Wallace
9. Richland Township
10. Arden Township
11. Redriver Township
12. Ashdown (county seat)

76

This is an exciting time for America and an an exciting time for us students too! America's bicentennial celebration is happening - unfolding all around us - becoming a part of our everyday experience.

A look at the new with an eye toward the old can deliver a provoking message in this year of history.

We can relive the AMERICAN adventure through the pages of our 1975-76 yearbook, "THE HERITAGE." But first, what is heritage? It's made of respect for people and events of the past, and an understanding of what the past has to do with the present as presented below.

Memories of the Past

Daughters of American Revolution Good Citizen Award

Ask not what your country can do for you . . ."

The daughters of the American Revolution (D.A.R.) is an organization of women directly descended from persons who aided in establishing American independence. D.A.R. programs promote appreciation of the past, patriotic service in the present, and educational training for the future. It encourages the study of American history and maintains relics and records of early history.

Each year a senior girl is chosen from each town as a citizen of D.A.R. This year Denise Beasley was honored with the D.A.R. Good Citizen Award by the Paraclifta Chapter of the D.A.R. She was selected by the faculty for her qualifications of leadership, dependability, service, and patriotism.

Bicentennial "Minuteman"

This year, Terry Altenbaumer, a senior, was chosen the school's Bicentennial Minute winner with his minute titled "Tarleton's Mobility." This contest was sponsored by the Shell Oil Co. The school's winner was chosen by a committee composed of various members of the faculty who then sent the minute to the state contest to be in statewide competition.

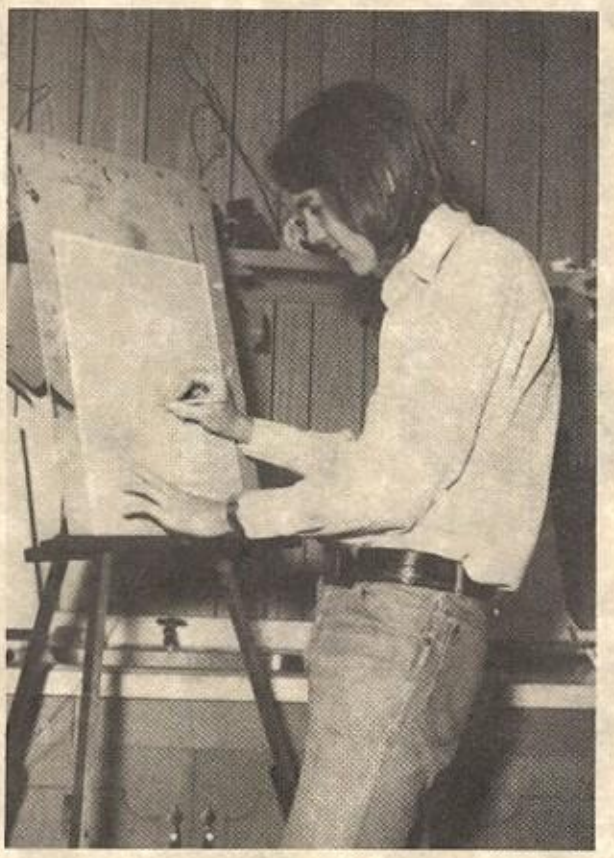
Betty Crocker Family Leader of Tomorrow

Carol Hess was named Foreman High School's 1975-76 Betty Crocker Family Leader of Tomorrow. Carol won this honor by competing with other seniors on a written knowledge and attitude examination, and received a certificate from General Mills, sponsor of the annual educational scholarship program.

The Betty Crocker Search is planned to help achieve the following goals: (1) enhance the dignity and prestige of the American home, (2) help students prepare for family living, and (3) emphasize the contributions to the home being made by high schools and their teachers.

Cover Award



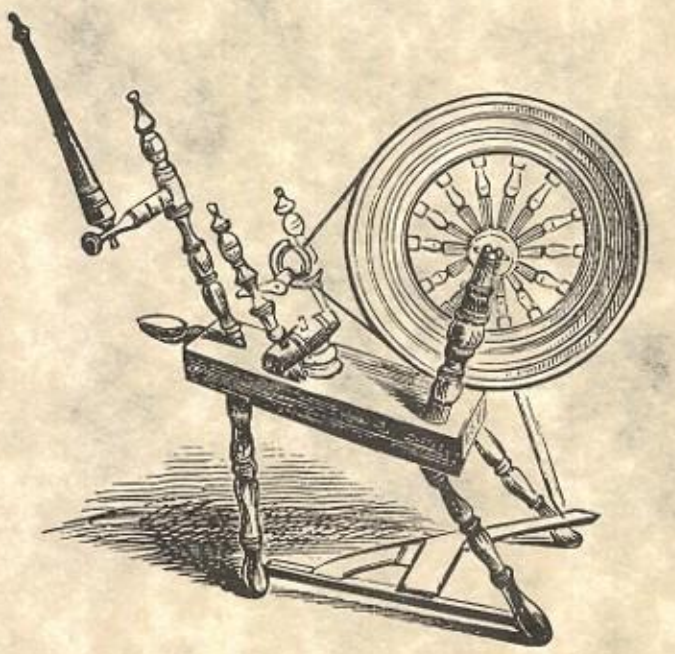
Mac Moore, the cover designer for our Bicentennial yearbook, was awarded a speedball textbook and an easel for his outstanding work. Mac was among approximately 15 other students who entered rough drafts of cover designs to be judged.

Bicentennial ESEA Student Council Representatives

Jay Newman and Ann Dunn were chosen to represent the student body this year by serving on the ESEA Advisory Committee, which consists of parents, faculty, and students.

Sponsored by: HESS GROCERY, Winthrop, AR

Wheels of Progress



Higher wages than ever before are now paid to the tradesman, industrial worker, technician and the craftsman. We at Foreman High are not unaware of this. Some of our Juniors and Seniors go each day to the Texarkana area Vocational Center for training in these various trades.

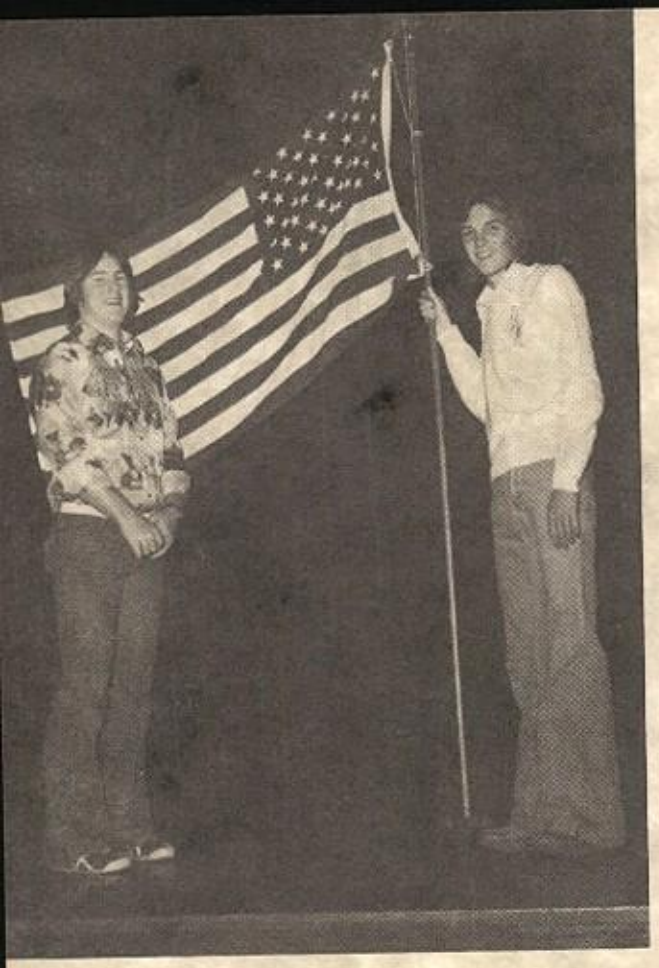
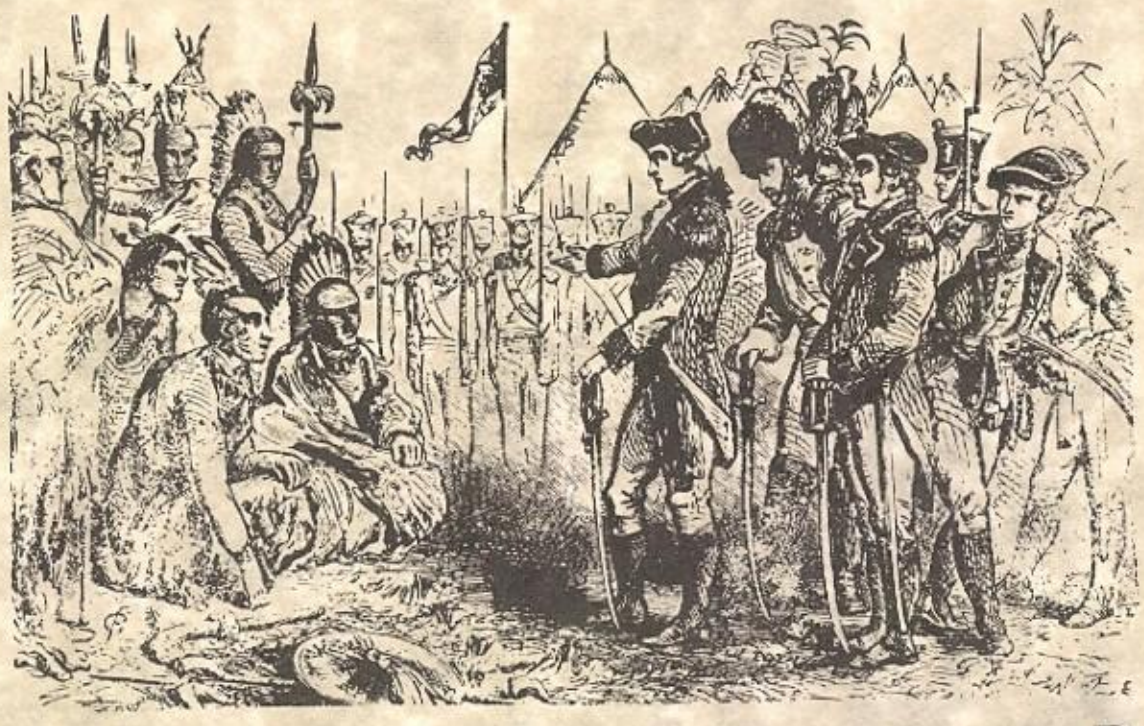
HORATIO



Boys' and Girls' State

Mac Moore and Jay Cody went to Conway last summer for the annual Boys' State Convention. This year the sponsors are sending GIRLS to Girls' State. The girls attending are Lynette Ballard and Treassia Wright. The girls and boys are sponsored jointly by the American Auxiliary, the Kiwanis Club, and the Parent-Teachers Association.



Protectors of U.S.A.

Since the founding of our nation, we have relied upon "protectors." More recently men from our own community have served in the armed forces. An example is our own Joe Olive Wilson as shown at left. As is our nation and community - so is our school. Our own protectors, shown at right: the FHS Fire Marshalls.

Oct. 16	M.S.
Oct. 23	Lewisville
Oct. 30	Ashdown

George Dale Gilliha

With revenge on their minds, the GATORETTS put away the Curly Wolves by (all that counts) one point. Burning the net with 23 points, Venita Cursh was a deciding factor in Freman's score. With determination the Gatoretts came from behind, to score 20 points in the 4th quarter, tying the game 39-39 with just seconds left on the closk. Thanks to a foul by Prescott, Suzy Brehm made the free shot which decided the game.

ALMA MATER

God Bless our Alma Mater,
School that we love,
It's as good as the best,
And better than the rest,
With principles and morals,
High throughout.
A'round the campus,
Through the buildings,
To the flag that's up above,
God Bless Old Foreman High
The school we love.

A TEACHER'S PRAYER

A sculptor took a piece of clay
And molded perfectly
The figure of a Little Child,
So beautiful to see:
But when I held it in my hand,
No warmth of life was there
Its cold, unchangeless beauty
Was all that it could share.
God sent a little child to me
That I might supervise
The teaching that would satisfy
The wonder in his eyes:
And when I took his little hand
To guide him on the way
I felt the warmth of trust and love
He shares with me each day.
"And so, dear God, I come to thee,
In all humility,
To ask for wisdom, strength and Love
That I may always be
The kind of teacher who can help,
In some kind, loving way,
To mold a better, stronger child
With every passing Day."

To belong to the National Honor Society is an honor that comes to only about fifteen percent of the student body. Membership is based on a student's LEADERSHIP, SCHOLARSHIP, CHARACTER, and SERVICE. The members are selected by a vote of the faculty. The purpose of the society is not only to recognize these student's achievements, but also to provide certain projects within the school with funds. Its income is derived from the operation of a Lance products vending machine and from the sales of school supplies to the students. All the students have certainly enjoyed the covered walkway from the classroom building to gym, especially on RAINY days. This was the latest project on which NHS has helped.

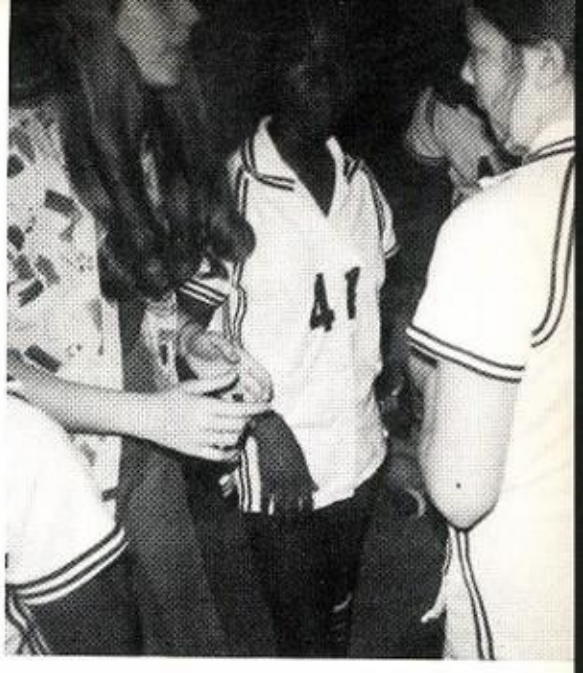
Wee

Keep that spirit up!!



Now go out there and get 'em!!!

Though they had only a few two-party games and had to play mostly among themselves, this year's pee wee athletes were just as willing and ready to play as if they were playing on the varsity squads. Sometimes we overlook the little guys and gals who get out there and work hard to prepare themselves for a game, and we do not recognize their contributions. These youngsters are perhaps more prone to tolerate criticism than the older athletes, despite their energetic nature. This attitude is hopefully the seed to a good crop of future Gators.

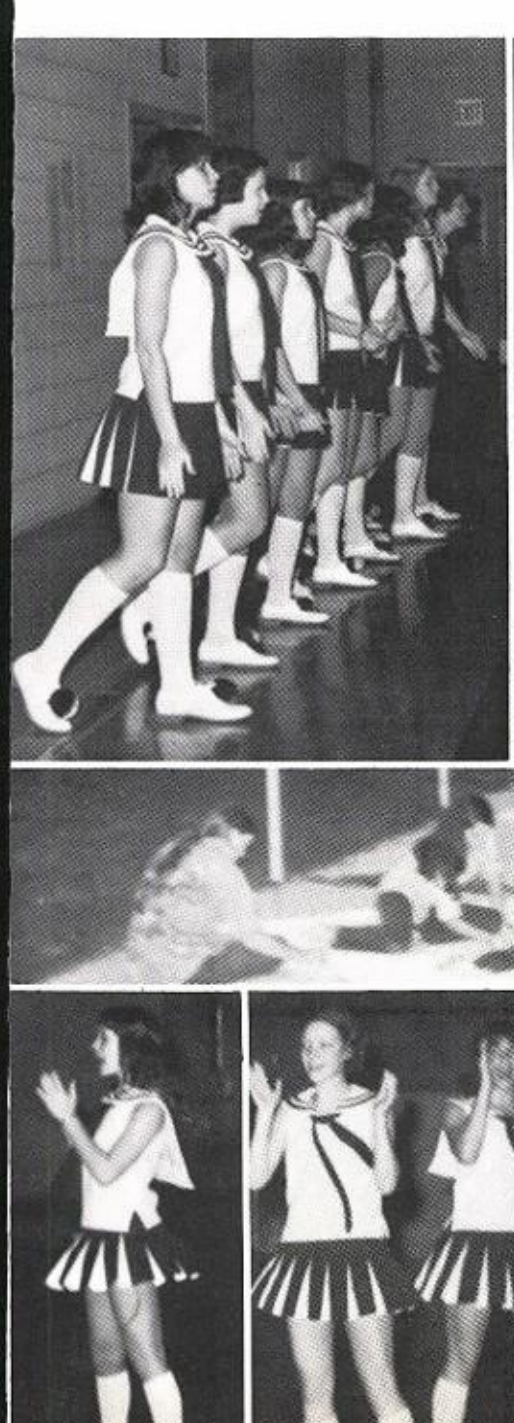
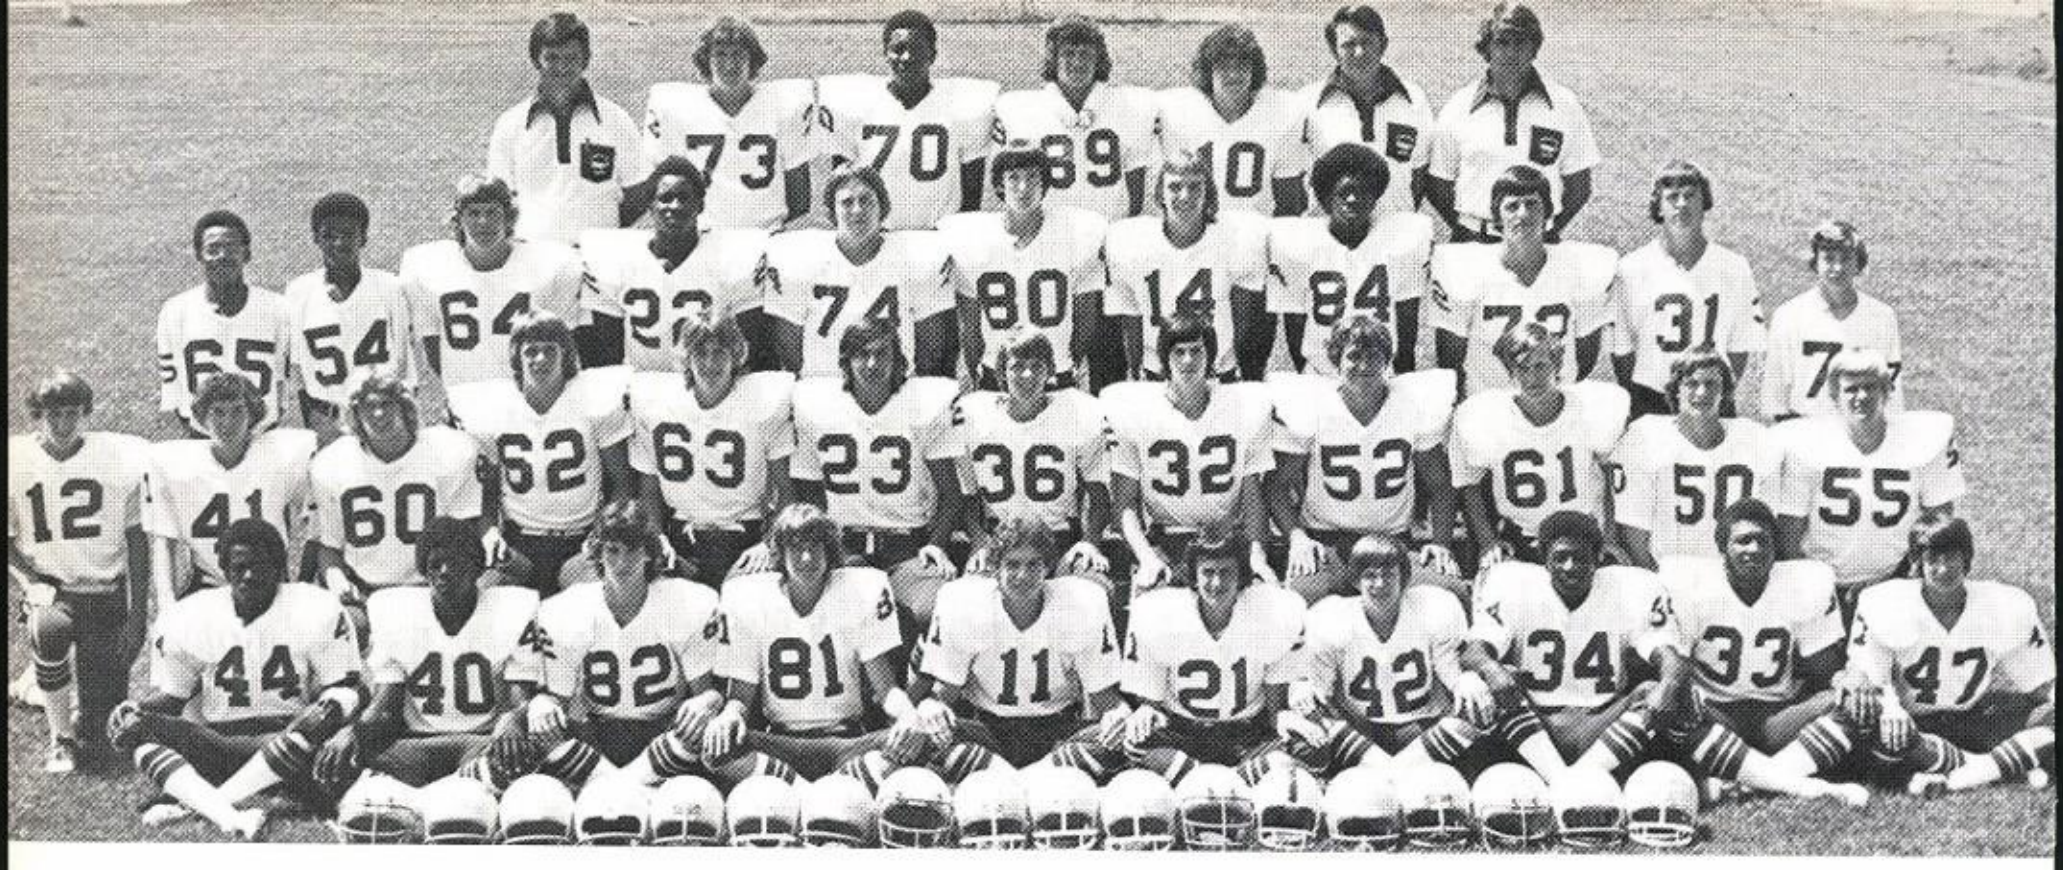
Cheerleaders





The Fighting Alligators

Our Foreman football team was off to a booming start last fall with many anxious players, coaches, and managers as well as the traditionally loyal Gator fans, all ready for an exciting year. Thrilling victories and depressing defeats climaxed this year of Gator football. Although they didn't make the playoffs, the Gators did accumulate a lot of memorable experiences which they will never forget. The Gators won four games and lost five, but it was the hard work and determination that told the true story of the Gator football team. Much as the colonists did, the Gators also fought for a common cause and as far as we, the students, are concerned, they succeeded in obtaining it.

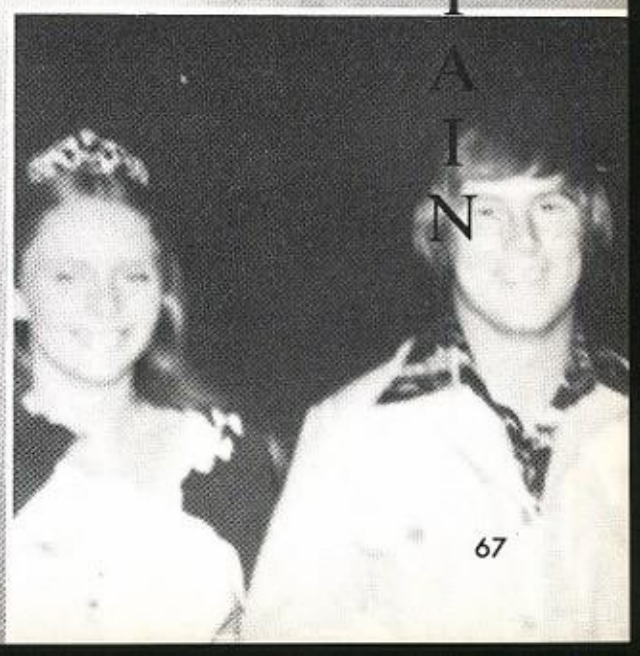
1975 HOMECOMING QUEEN and CAPTAIN

Denise Beasley

and

Jay Cody



Sponsored by: RAE'S CASUAL WEAR, Foreman, AR

Senior Maids

Escorted by A. Smith

Homecoming week was an active one for all of the FHS students. Everyone was getting ready for the annual Homecoming events destined for Friday. For the football boys, there was the wonder of who would have the honor of being captain. Eleven girls were busy getting their dresses ready and their nerves calm . . . for one of them - and only one - would be the Queen. Mrs. Belanger's cheerleaders were working day and night, trying to get their main project together. For the whole student body, there was floatmaking and various preparations for the parade. The people of the town were reminded once again of past homecomings - the excitement, nostalgia, and just plain fun that goes along with FHS.

Finally, the big day was here. Rehearsals and decorations were completed, and everyone was able to take a few breaths before the festivities began.

This year, we were reminded with the participation of Mr. Joe Olive Wilson, representing the alumni, that Homecoming is more than a beauty or popularity contest. It was origionally meant to be a time when all the alumni come home and are reminded of times long past. Hopefully, in years to come, we will reflect back and think of the 1975 Homecoming as a TRUE HOMECOMING.

Beating Lewisville 33-14 added the finishing touch to a successful day of exciting festivities.

Being a cheerleader sponsor is a lot of work and worry, as Mrs. Len Belanger has found out in the past several years. We would like to express our thanks to her for taking on the responsibility of a year-round cheerleading squad. Without dedicated, trustworthy personnel, a lot of worthwhile projects would have to be neglected.

Mrs. Belanger, Sponsor

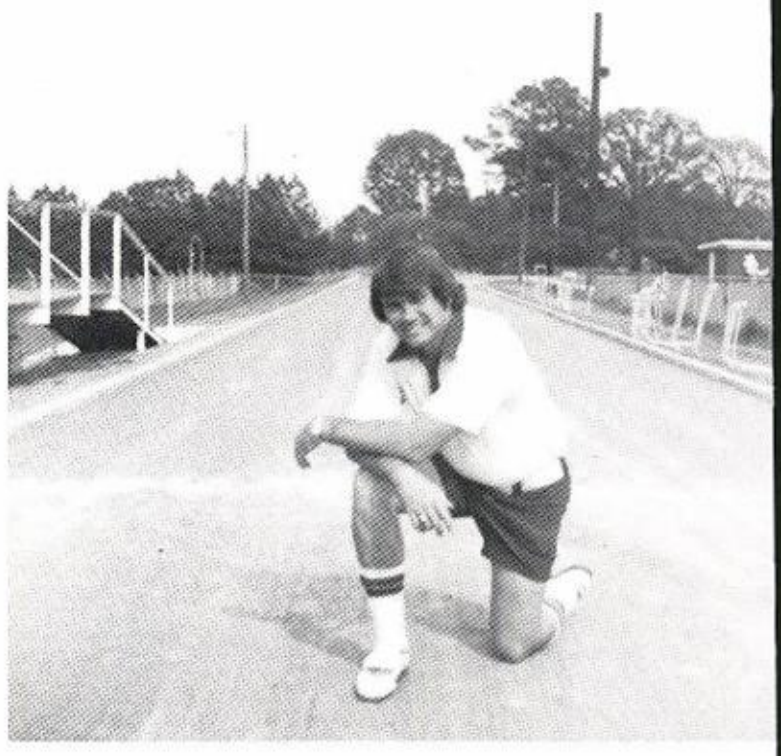
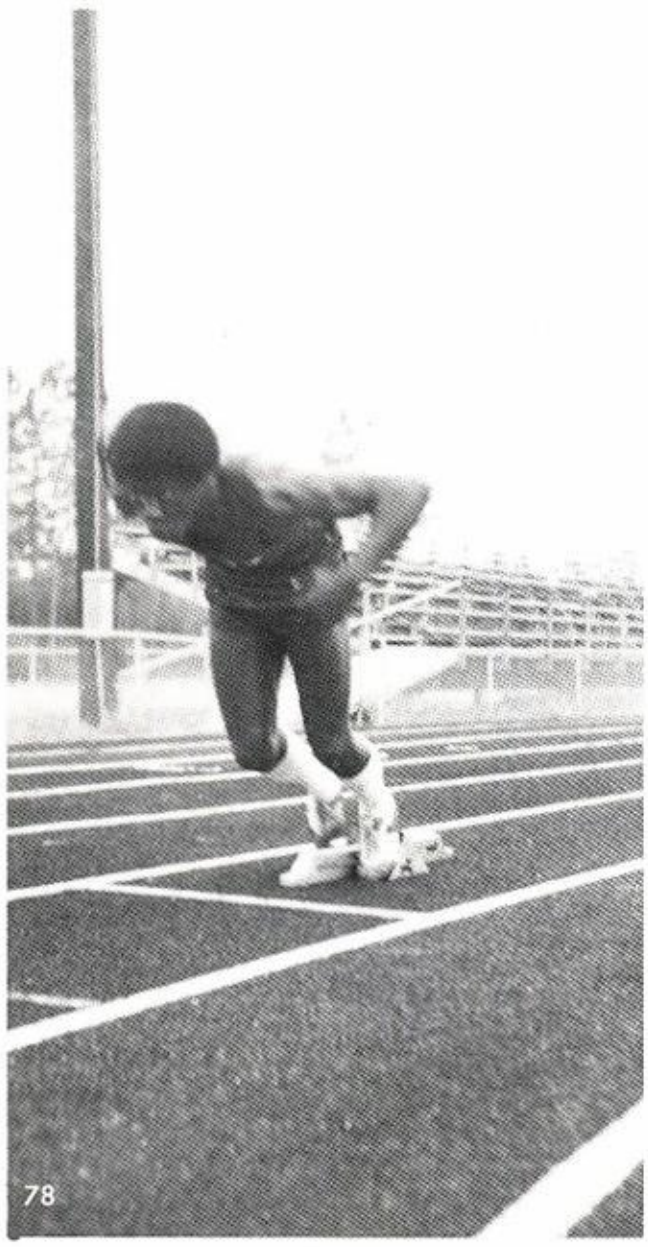
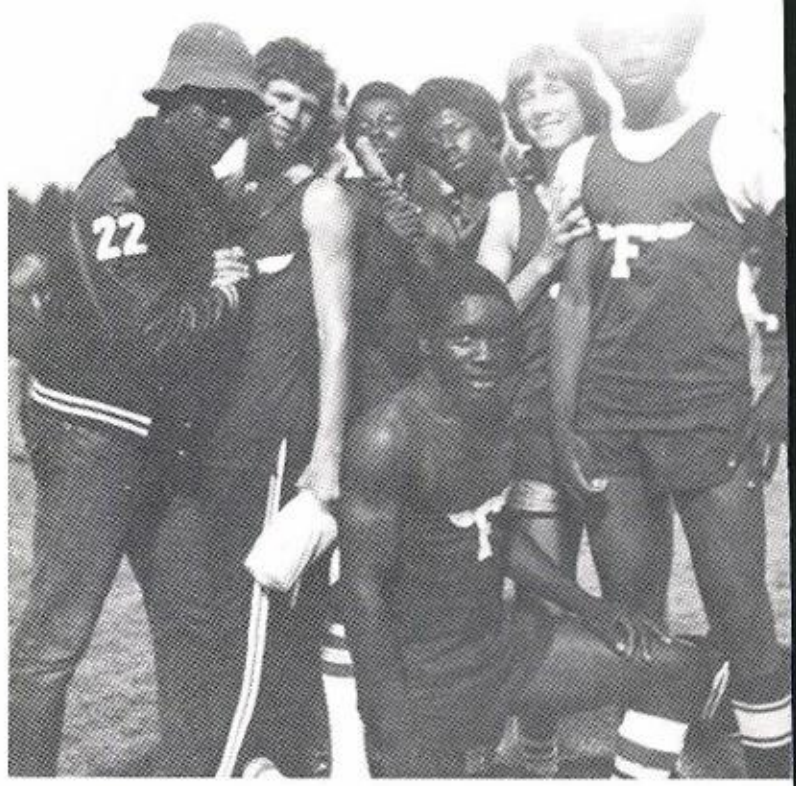
Track coach - Richard Kitchens



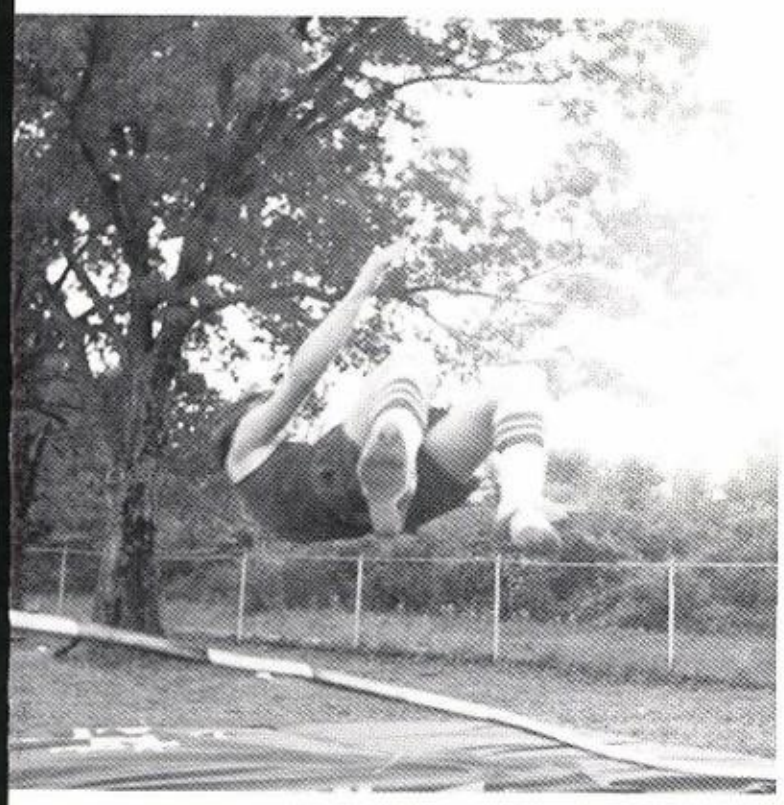
Held in the hot sun, when the swimming hole is more inviting, track sometimes suffers for being the last and least publicized sports event of the school year. It was originally designed as a sort of spring training for the football and basketball athletes. The coaches have a hard time making these boys realize that track is to condition instead of torture them. In the long run, the benefit that is reaped is well worth the effort.

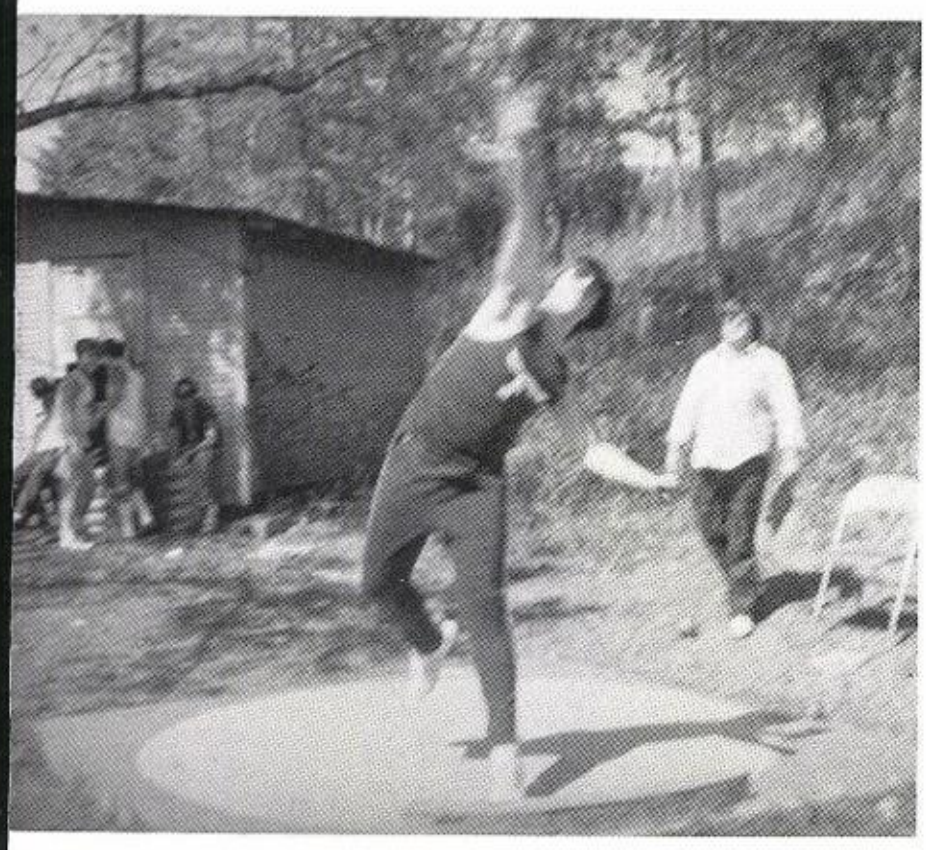
So we salute these guys for setting aside glory, toward the betterment of next year's Alligators, as well as themselves. This is the kind of dedication needed to make a winning team, a fulfilled person, and a successful future.





Thinclads

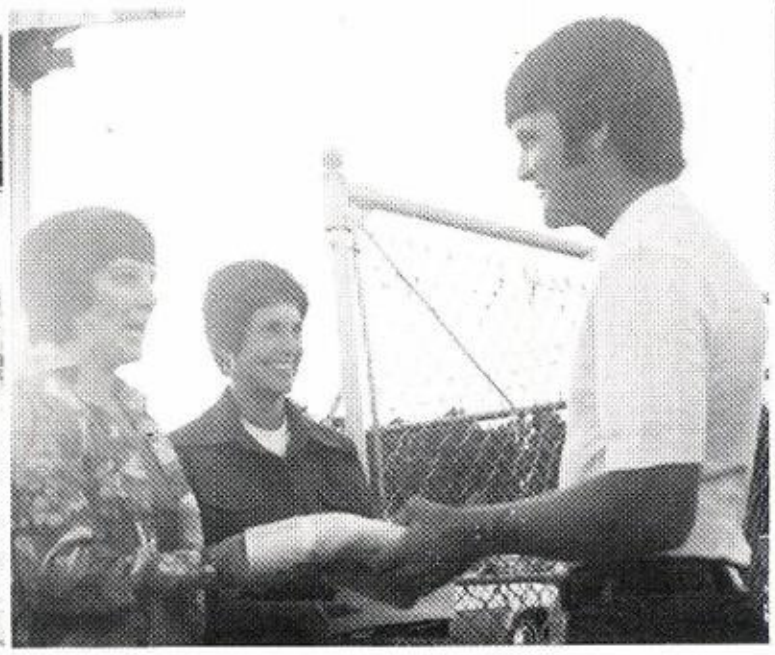




Everyone wants to get into the action.

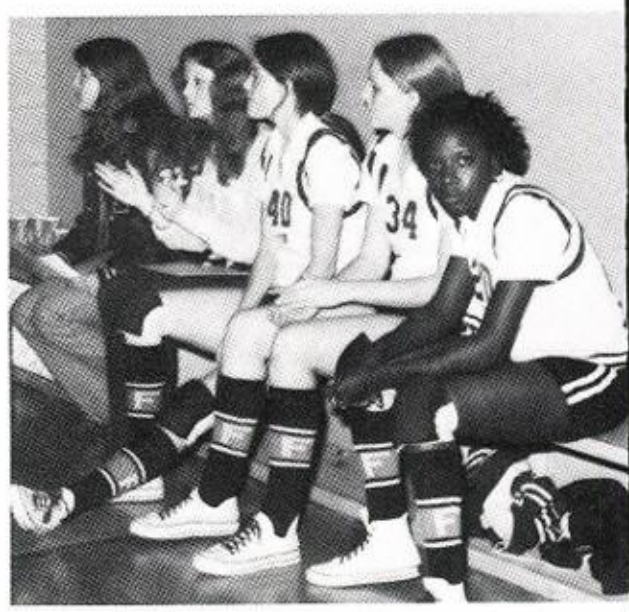
Everyone must sit on the bench sometime!

We don't ever stop working.



Red-White Game

Whew! Have I worked hard for this!



It takes a bench to make a team.

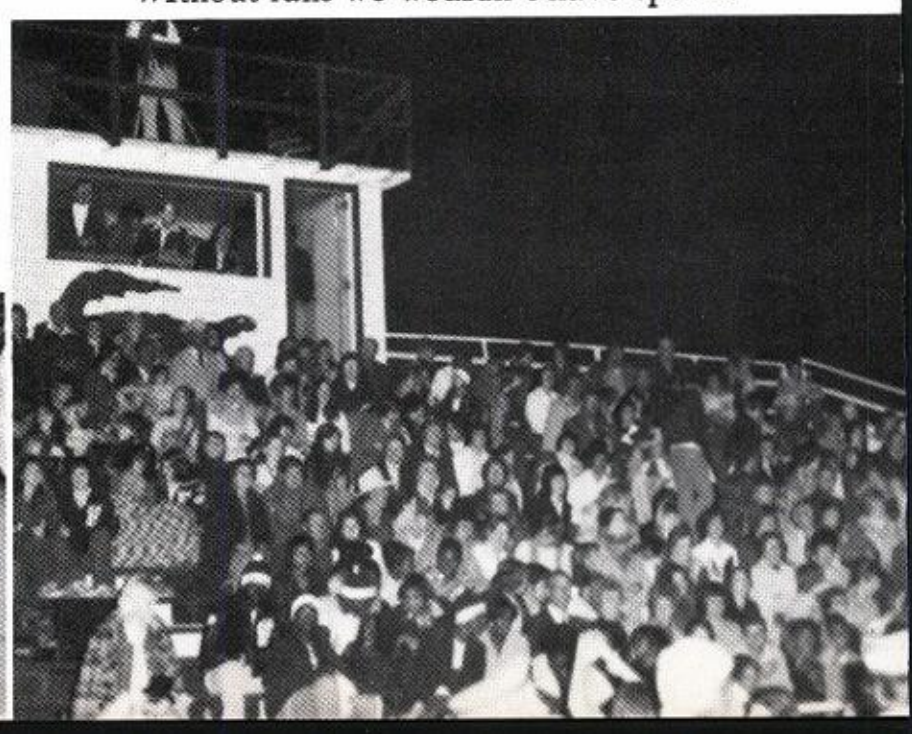
In the glory of finally getting everything finished we forget the little things that make everything work. Much work and preparation goes into sports. All year round the coaches, boosters, cheerleaders, students, and parents worked toward a special goal. When they put everything together then we had that special goal: SPORTS.

P.T.A. is hard work; if you don't believe me just ask Gene.

Cheerleader - Substitutes

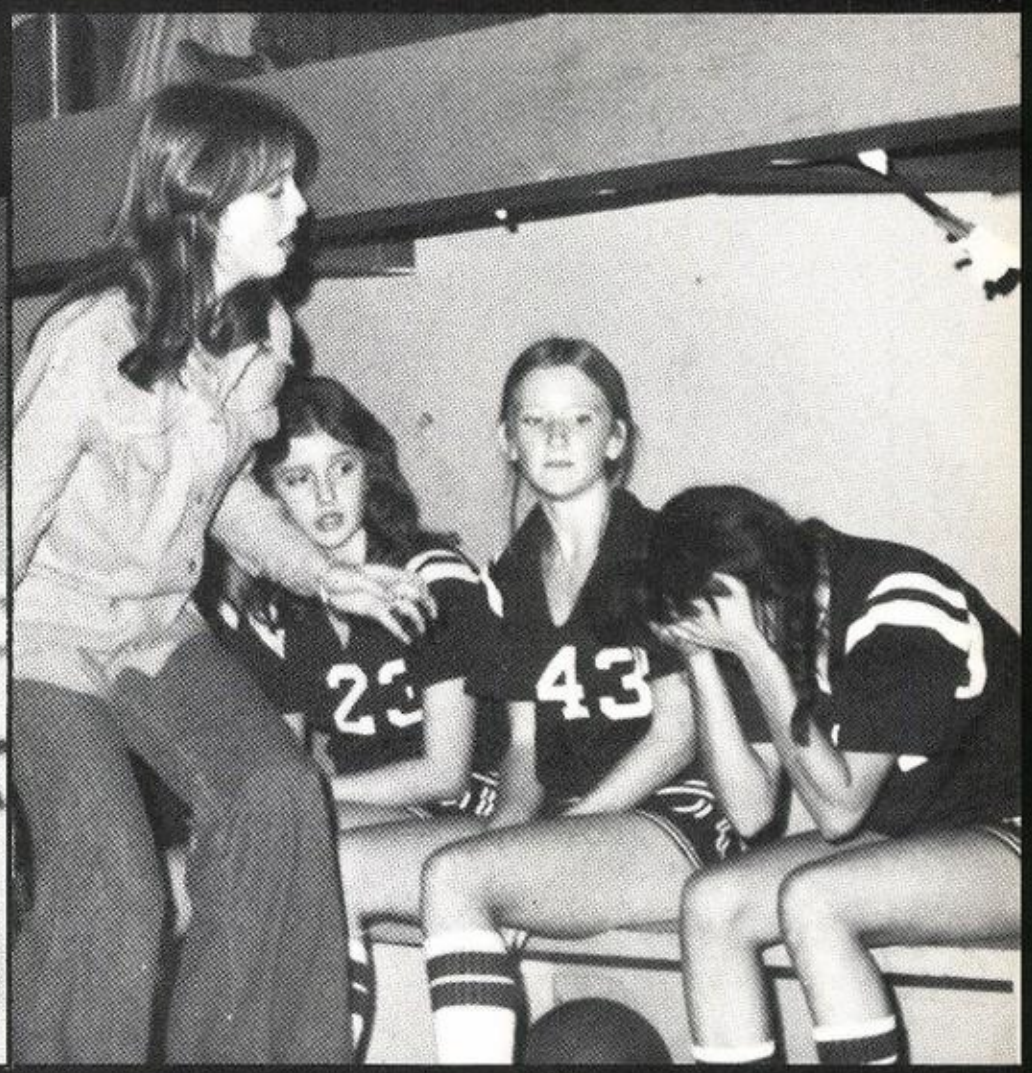
All-Sports Banquet.

Without fans we wouldn't have sports.



Sponsored by: INDIANAPOLIS GLOVE CO., INC.,
Horatio, AR

We the Students



Throughout the year the extra moments that greeted the Foreman students during the day, and even after school, became prized moments. They found the minutes between classes a time for friends, friendly glances and an occasional coke. The lunch hour gave students a chance for conversation and relaxation. After school the freedom widened and the Foreman students scattered from band practice to football games, from dates to meetings, and from running around to home again.

Don't let summer vacation begin in your house without a teen age telephone

Sure you can work out a traffic system with just one telephone. Or at least you can try. But a separate teen telephone doesn't cost very much. A few baby sitting jobs will pay for it. Their own phone is great for the teens and a welcome relief for their parents. You'll wonder why you didn't O.K. it earlier.

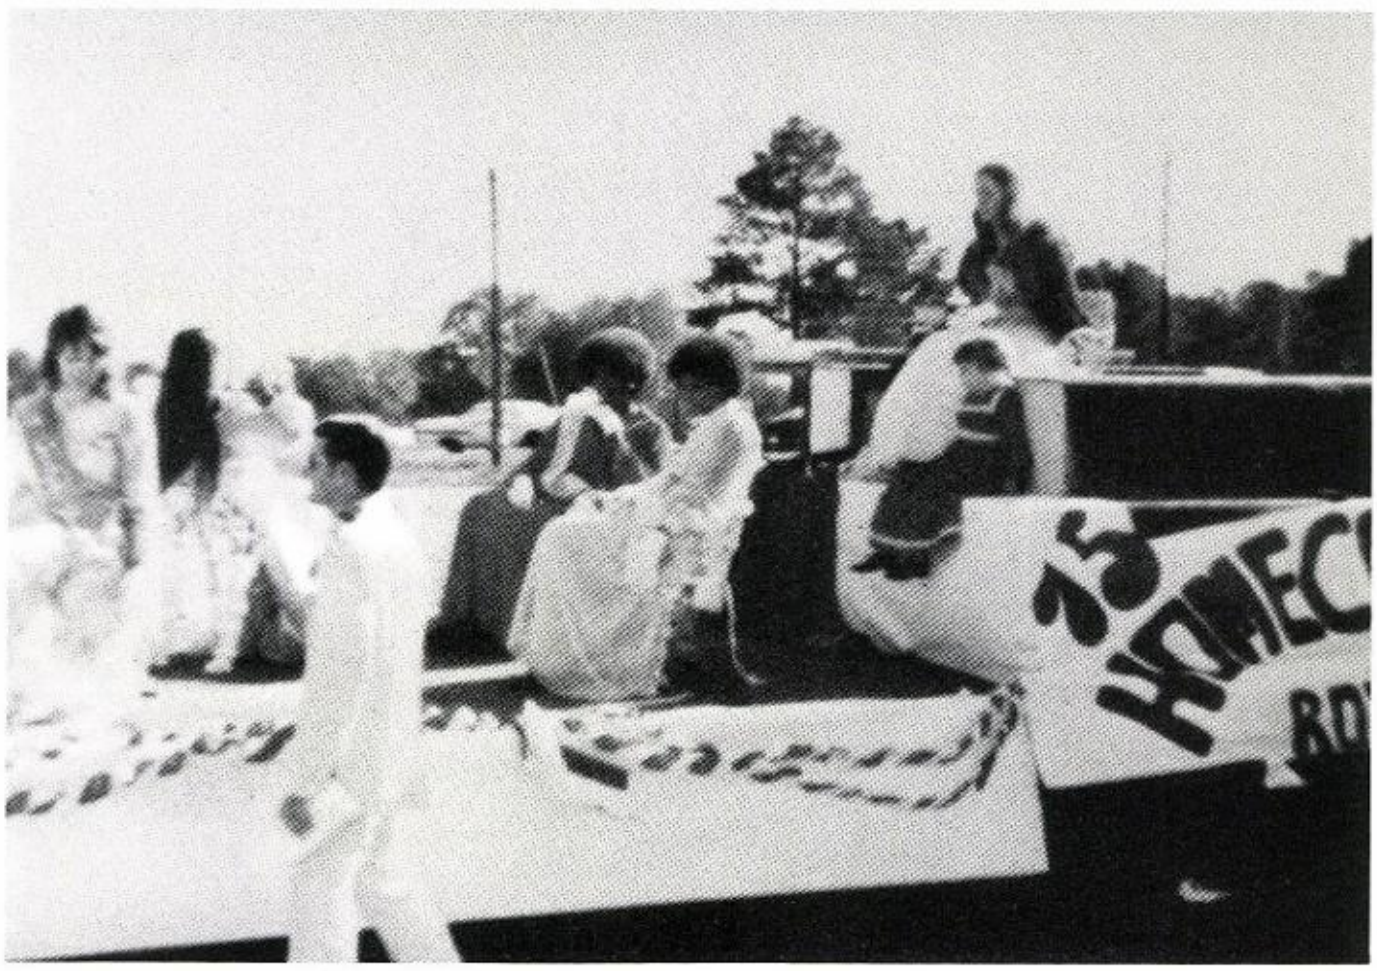
"Possibly it is impossible to move forward without leaving something behind, but let's try to retain the best of the old and the good of the new." - Harris Saunders

In 1976, Saunders Leasing Systems have a double cause for celebration. In addition to their nations Bicentennial, they are celebrating the birth of their company and of the vehicle renting and leasing industry.

It was sixty years ago that Joe Saunders originated the idea of renting cars and trucks for an hour or a few miles, and started not only Saunders System but the car and truck renting industry. The first Saunders System was in Omaha, Nebraska, with Model 9 Fords in 1916.

What was once a little company is now a nationwide leader in the truck renting and leasing industry with 105 branches in 22 states and Canada.

Mr. Harris Saunders said, "I would like to believe that there is one thing that will never change - the idea of service to the customers and to all with whom we associate."



Above is an example of one of the many ways Saunders served us this year.
